

## History of SASH

Since 1984 we have worked alongside thousands of people, their family / whanau, partners and friends, seeking healing from rape and sexual abuse.

Our focus is on support and healing.

We believe people have a right to live in a society free from sexual abuse and violence. We aim to assist people by empowering them towards healing and promote autonomy, self-determination, personal growth, pride, confidence and self-esteem.

## Where to find us

### SEXUAL ABUSE SUPPORT & HEALING

16 Nile Street West, Nelson

155 High Street, Motueka
